ABOUT ME

Recent Computer Engineering graduate with a focus on web and mobile development using React, Next.js, and Flutter. Fluent in English and Portuguese, with academic experience in both Portugal and England. Strong teamwork and problem-solving skills, with a particular interest in creating user-friendly interfaces for practical applications. Seeking an entry-level role to contribute to real projects and continue growing as a developer

EDUCATION AND TRAINING

Engenharia Informatica (Licenciatura)
Universidade Lusófona [20/09/2022 – 11/07/2025]

PROJECTS

Water-Wise | Web App for Water Resource Management (2024 – 2025)
   • Developed a web application to support farmers and water managers in Portugal with planning and monitoring of water.
   • Designed a clear and accessible user interface adapted to different types of users.
   • Proposed as part of a European initiative, with a focus on accessibility and social impact.
Tech stack: React, Next.js, InfluxDB, Convex, Clerk

Yoke | Fitness Mobile App (2025 – Present)
   • Co-developed a mobile app for fitness tracking, including customizable workouts and meal planning.
   • Focused on delivering a smooth, engaging user experience tested by peers.
Tech stack: React Native, TypeScript, Node.js

Link: https://github.com/Acr2004/yoke-gym-app

Live Notes | Real-Time Collaborative Note App (2025 - Present)
   • Built a collaborative note-taking app with a zoomable canvas where users can create, move, and edit notes in real time.
   • Implemented live presence indicators (online users, names) and authentication for personalized sessions.
Tech stack: Next.js, Firebase (Realtime DB, Auth)
